

Applications

Ensure secure and reliable connectivity.

- Engineering Machinery
- Construction Machinery
- Mining Machinery
- Industrial Machinery

Global Coverage

Employees

400+

R&D Team

140+

3-year Warranty

Free Technical Support

43671 Trade Center Place, Suite 100, Dulles, VA 20166

InHand Networks

Manage Your Machines throughout the Chain - with Ease

VG710 Multi-network Vehicle Gateway

- 5G/4G, Wi-Fi 5, GNSS
- 4*Gigabit Ethernet
- CAN bus, I/O, RS232, RS485, Audio/ Voice
- C/C++, Python, Docker programmable
- AWS, Azure
- Industrial design, IP64 protection

VT310 Ruggedized Vehicle Telematics Gateway

- LTE CAT4/CAT1/CAT M1
- Dual CAN bus, RS232, I/O, J1708/RS485
- Modbus, TCP, UDP, MQTT
- AWS, Azure
- 1200mAh battery, continuous and reliable power supply
- Industrial design, IP67 protection

IG502 Cloud-ready Industrial IoT Edge Gateway

- 4G, Wi-Fi, Ethernet
- Serial ports, USB, I/O, GPS
- Powerful edge computing
- Python programmable
- Multiple industrial protocols supported: Modbus TCP/RTU, EtherNet/IP, ISO on TCP, OPC UA Client, etc.
- Major IoT clouds supported: AWS, Azure, etc.

IR900 High-end Industrial LTE Router

- 4G, Wi-Fi, Ethernet
- Serial ports, I/O, GPS
- Abundant network functions
- RIP, OSPF, BGP, multicast routing, VLAN
- High industrial grade, EMC class IV
- Cloud managed
